

**NEXT  
GENERATION  
LEARNING**

**Here's how...  
to share the success**  
of Next Generation Learning  
in school

$$2a + b = 21$$

$$a + b = 15$$

$$5p + q = 100$$

$$2p - q = 30$$

$$2x + 3 = 10$$

$$2 + x = 7$$

## **This pack suggests a variety of simple ways for you to:**

- get more involved in your child's learning
- engage more with their school
- help Next Generation Learning become a reality for every child.

**The choice is yours. Try what suits you.**

### **Pass it on**

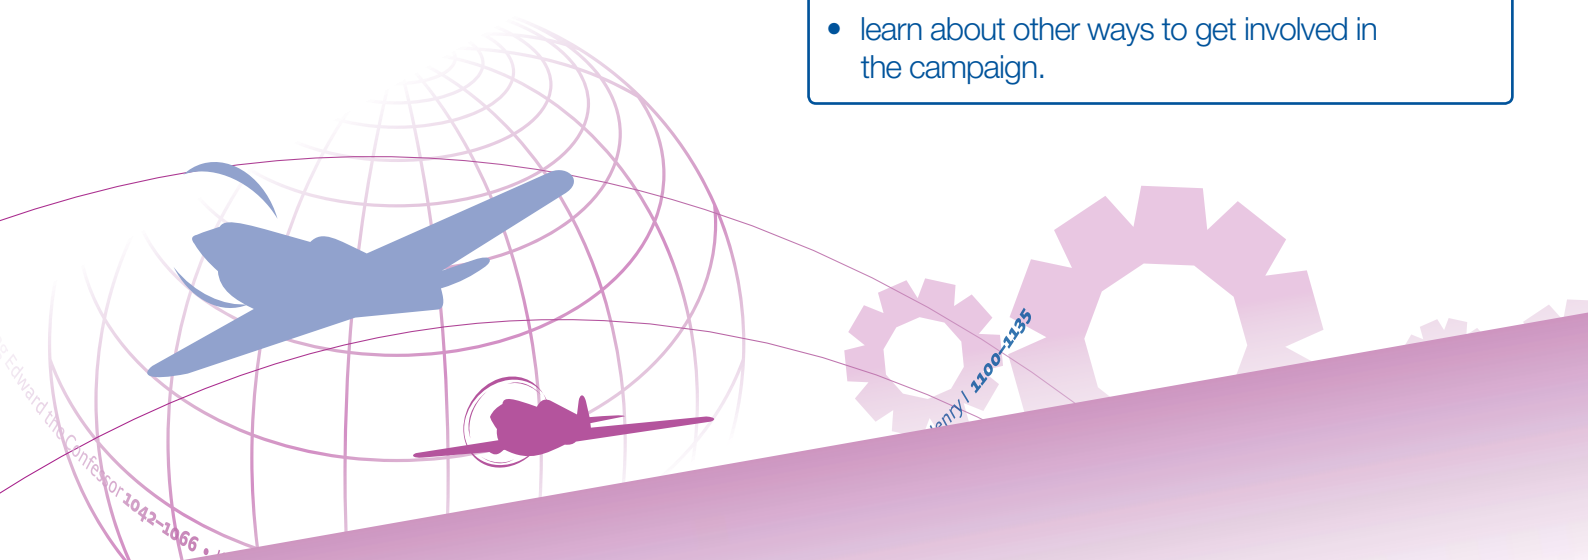

If you believe your child's school is an excellent example of Next Generation Learning in practice, pass on the good news – tell your friends or tell us!

### **Get involved**

Visit [www.nextgenerationlearning.org.uk](http://www.nextgenerationlearning.org.uk) and click on the 'Get involved' button to:

- find out how to share your stories and
- learn about other ways to get involved in the campaign.
